Carmo Needle-free Sample Port Connector

Good news for healthcare personnel:
Carmo has invented a new, Needle-free sample
Port Connector that makes life easier for healthcare
personnel when taking samples with syringes.

**The new, safe and easy method featuring
the following:**

- No needle needed on the syringe;
- No risk of needle injury or contamination;
- No costly waste handling
(no needle to dispose of);
- Offers a leak-proof sample connector.

The advanced model: SC 9-795
Needle-free Sample Port Connector
(Blue)

The standard model: SC 9-785
A well proven and leak-proof
Sample Port Connector (White)

NEW
