UltraPlast is a hi-tech company specialising in a wide variety of cassettes and plastic containers.

Characteristic of all UltraPlast products is the very high level of quality resting on intergrated control of production processes.

Also characteristic is the ability to deliver immediate and effective solutions based on sizeable, well-functioning central storage facilities.

Behind each and every one of UltraPlast's production lines lies a solid foundation of experience combined with the pleasure of fulfilling specific needs as well as seeing opportunities in new situations. Based on our existing production lines, new market solutions are readily available.

UltraPlast is a top qualified partner in the production development phase due to our focus on customer's needs.

UltraPlast gladly makes it's solid knowledge base, production capacity and experience base available to create new ideas and products.

Whether products from storage or specific solutions are involved, UltraPlast is a strong partner.

We hope to continue to be a part of the solution for your packaging needs.

We deliver intelligent packaging solutions and specialise in combining form, colour and choice of material (PS | PP | ESD) in order to achieve the optimal solution for the task in hand.
