03-284 ABS plastic Vacuum valve with G 3/4" pipe thread

ABS Vacuum valve with G 3/4" thread. A low profile valve - stable and secure - easy to open - easy to close - rapid venting. Simple design – Highly versatile.

Nominal measurements in mm

ABS Vacuum valve for the HF weldable threaded flange 03-601. An ABS valve featuring a G 3/4" thread. A low profile valve - stable and secure - easy to open - easy to close - rapid venting.
03-284 has a simple design and fits to all known adapters on the market and is therefore highly versatile.

Carmo's modular valve system is built around a common weldable flange, which is available in materials suitable for HF welding on PUR or PVC.
The flange features a standard 3/4" socket in which the three functional valves can be mounted:

- Inflation valve
- Vaccum valve
- Pressure relief valve

This product replaces	03-274
Materials:	ABS+Rubber
Std. packaging:	500
Fits with:	PA Pump Adaptor For vacuum valve, Threaded plastic flange with thread G 3/4", Plastic protection Cap with attachment ring., Retainer Ring for weldable flange
Related products:	03-601, 03-374, 03-474, 03-307
