04-512 Snap Grommet Set Ø12 mm

Plastic snap grommet for reinforcement of 12 mm holes in textiles, awnings, tarpaulins, banners etc. Can be inserted manually.

Nominal measurements in mm

Snap grommet for hole reinforcements for materials such as textiles, awnings, tarpaulins, banners. Can be inserted manually or using our clip tool 07-512.

Clip / snap Grommets offer the simplicity and speed of metal grommets AND can be colour matched and easily recycled.

PP-high impact strength polypropylene, temperature range –20ºC to +60ºC, weather resistant.

Suitable for materials up to 1,4 mm thickness. Depending on the thickness of the material the snap grommet is mounted in, one or more washers 04-510 can be used to secure the ring. Also available in a larger variant 04-522 for Ø 20mm holes.

Download mounting instructions

Snap grommets made on plastic makes it easier to recycle or waste sort a tarpaulin, since the entire tarpaulin can be waste sorted without having to cut out metal eyelets.

It is possible to order customer specific colour variants. Please contact sales and hear about the possibilities.
