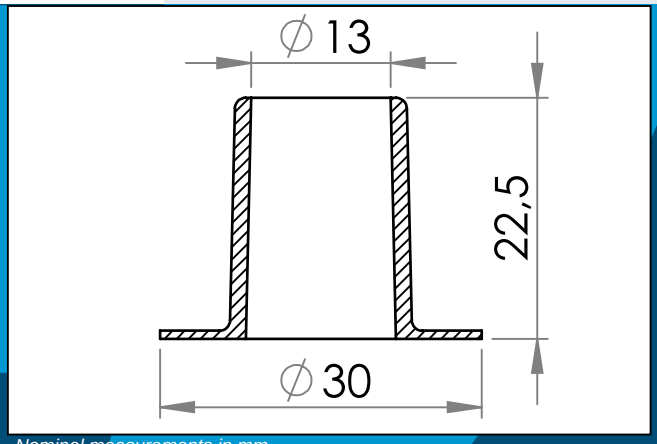
08-078 Weldable Tubing Flange for 13 mm tube

Weldable tubing flange for connecting tubes to foil, bags, containers etc. Will fit tubes with OD of approx. 13 mm



Nominal measurements in mm

Weldable tubing flange for connecting tubes to foil, bags, containers etc. Will fit tubes with OD of approx. 13 mm

Both the material and the geometry of the Tubing flange are optimized for High frequency and Ultrasonic welding. Welding times of 1.5 – 2 seconds are typical, depending on the HF generator used and the thickness of the material used.

Can be High Frequency welded using our electrode 07-400-0050

Materials:	PVC
Std. packaging:	1 x 3.000
Related products:	09-119, 09-219, 09-143
