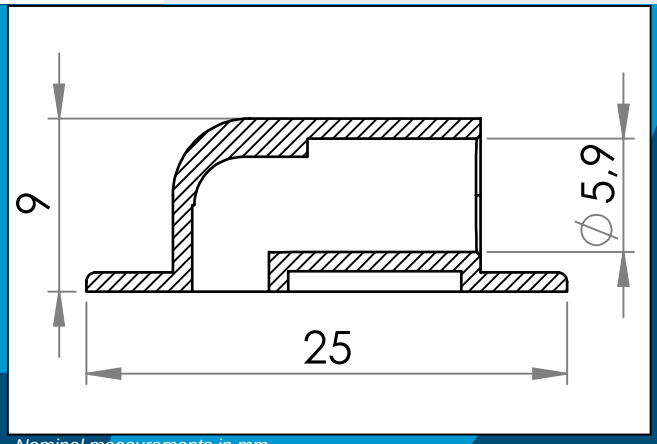
09-002 PVC/PUR Angle Connection

Very low profile right angle, weldable tube connector for Ø6mm tubing. Features an internal tube stop, making assembly easy.



Nominal measurements in mm

Very low profile right angle, weldable tube connector for medical applications. Typically used with Ø6mm tubing. Features an internal tube stop, making assembly easy.

Both the material and the geometry of the PVC button are optimized for High frequency welding.
Welding times of 1.5 – 2 seconds are typical, depending on the HF generator used and the thickness of the material used.

Materials:	PVC, PVC/PUR
Std. packaging:	4 x 4.000
Related products:	09-210,09-211,09-229
