09-229 Medical Tubing Flange, 45°

45 degree tube connector for medical and other applications. With internal stop for end of tube

Nominal measurements in mm

45 degree tube connector for medical and other applications. With internal stop for end of tube

Both the geometry and the material of the tubing flange are optimized for Highfrequency welding / Ultrasonic welding.
Welding times of 1.5 – 2 seconds are typical, depending on the HF generator used and the thickness of the material used.

Materials:	PVC, PVC/PUR
Std. packaging:	2 x 2.000
Related products:	09-002, 09-210, 09-211, 02-212
