03-284 ABS plastic Vacuum valve with G 3/4" pipe thread

ABS Vacuum valve with G 3/4" thread. A low profile valve - stable and secure - easy to open - easy to close - rapid venting. Simple design – Highly versatile.

Nominal measurements in mm

ABS Vacuum valve for the HF weldable threaded flange 03-601. An ABS valve featuring a G 3/4" thread. A low profile valve - stable and secure - easy to open - easy to close - rapid venting.

03-284 has a simple design and fits to all known adapters on the market and is therefore highly versatile.

Carmo's modular valve system is built around a common weldable flange, which is available in materials suitable for HF welding on PUR or PVC.

The flange features a standard 3/4" socket in which the three functional valves can be mounted:

- Inflation valve
- Vacuum valve
- Pressure relief valve

This product replaces 03-274
Materials: ABS+Rubber
Std. packaging: 1 x 250
Fits with: 03-601, 03-960, 03-371, 03-961
Related products: 03-601, 03-374, 03-474
